

Saint Anthony's High School

Mathematics Department

**Application for Placement in Integrated Algebra
Honors**

2020/2021

Dear Parent: The Math Honors Program is designed for students with above-average mathematical ability and exceptional motivation and study skills. This sequence of study completes four credits of high school mathematics in three years. **This course is designed for students of very high mathematical ability** who have not taken algebra or who wish to take it again.

Students who enter Integrated Algebra Honors, as freshmen, are eligible for Advanced Placement Calculus AB in senior year.

THIS CLASS IS HONORS AND ACCELERATED.

NAME: _____

My child received the all-honors letter and I accept placement in algebra honors.

Please consider my child for algebra honors.
