

**Application for Algebra Qualifying Exam to  
Accelerate to Geometry  
2020/2021**

If you wish to be registered for Integrated Geometry as a freshman, you must pass the qualifying test in algebra. This test will be administered on **Wednesday MARCH 25 from 3:30 PM to 5:00 PM**. Please **make note of the date and time of the test**. A list has been provided of the topics to be covered on the test. This list is comprised of all of the topics that our algebra classes have covered by that date.

**Passing this test is a requirement. The Regents Examination does not take the place of this test. WE DO NOT USE REGENTS EXAMS AS FINAL EXAMINATIONS IN ANY COURSE. STUDENT WHO TAKE AND PASS THE ALGEBRA REGENTS, IF PLACED INTO ALGEBRA AGAIN, DO NOT HAVE TO RETAKE THE REGENTS. THIS TEST IS TO DETERMINE WHETHER STUDENTS HAVE THE NECESSARY SKILLS TO SUCCEED IN OUR ACCELERATED PROGRAM.**

You will receive notification of placement from the Scheduling Office in May. Please do not contact the Math Office until you have received the list of courses for your child. After you have received placement, email [wquinn@stanthonys.org](mailto:wquinn@stanthonys.org) if you have questions. (subject: SAHS Math Placement). I use email as documentation so please email instead of calling.

Test papers are discarded because we do not have the resources to treat them as diagnostic tests. The test is used for placement only.

Name of Student: \_\_\_\_\_

Parents' e-mail (required): \_\_\_\_\_  
I will access these from registration; this is just a back-up

**IT IS ADVISABLE TO COVER ALL OF THE TOPICS LISTED  
FOR THE TEST BEFORE MARCH 27.**
