

Winter Sports Clearance Begins on October 15, 2019

All 2019 Winter Sports Participants Please Read Below

If you are enrolled on Appryse for the 2019-2020 school year, please refer to the email you received regarding Winter Sports Clearance. If not please see below.

In order to be cleared for a Winter Sport you MUST:

- Enroll on Appryse for the 2019-2020 School Year
- The link to enroll or update your Appryse account is:
<https://app.appryse.com/enroll/AYU7SC25>
- Have an up to date physical on file with the nurse.

After your enrollment is reviewed and accepted by the school nurse you will receive an email stating: “Appryse Enrollment Accepted.” After receiving the confirmation email you MUST choose the sport you are trying out for on Appryse

*****IMPORTANT*****

Please read the Step by Step Directions Below and Review the Important Notes.

- Questions or problems during enrollment should be directed to Appryse. Click the "Contact Support" button on the Appryse website.
- Appryse Physical Forms can be found on your Appryse account after you have completed the enrollment process. Please encourage your doctor to use the approved Appryse physical form that has your son or daughter's unique bar code. The parent or doctor should either fax the Appryse physical form to the number at the top of the physical form, or upload it directly to Appryse by scanning and clicking on the button “Upload Completed Form.”
- Do **NOT** fax in a non-Appryse form, as this will not be recognized by the Appryse system & will **NOT** be received. It must be the approved Appryse doctor's physical form and must include the Appryse bar code included on the

Appryse doctor's physical form. You can download a blank for each of your children by clicking on each child's "Download Blank Form" button.

- You can only upload the single-page Appryse physical form. We will not have access to multiple forms that are faxed or uploaded. Do not include attachments such as immunization forms, as the Appryse system only recognizes the single Appryse physical form, which already has a section for immunizations.
- All other medical forms must be submitted to the St. Anthony's School Nurse (immunization forms if not using the Appryse physical form, in school medication forms, doctor's notes, etc.)

*****If your enrollment was declined, you will receive an email requesting additional information.***

Choosing a Sport

- To choose a sport, click on the green Tryout/Activities button found on the Parent Home Page. The green Tryout/Activities button will not show until your enrollment is accepted.
- When you have successfully chosen a sport it will show on the Parent Home Page
