

Dear All,

The Suffolk County Department of Health released guidance for the return of "high-risk" sports. We are currently waiting on additional information from the Catholic High School State Athletic Association.

Please take a moment to review the guidance specifically their mandate regarding mandatory testing for all students and coaches participating in high-risk sports.

[Suffolk County Department of Health Guidance](#)

In preparation for winter sports approval, we opened Appryse for Boys and Girls Basketball and Wrestling. Please complete the clearance process as soon as possible.

[Appryse Enrollment](#)

Please remember, if a student tested positive for COVID-19 after their last physical, you must complete the COVID Clearance Form and have a doctor's note clearing your student for participation in athletics.

Sincerely,  
Mr. Joseph Minucci  
Athletic Director  
Saint Anthony's High School
