July 14, 2021

Dear Parents,

In lieu of our past practice of having students purchase individual books and academic resources from the bookstore during orientation week, St. Anthony's will be applying an Academic Resource Fee of \$150 to all tuition accounts. This Academic Resource Fee will cover the cost of course materials associated with your student's English, Math, Science, Social Studies, and Theology classes. Academic resources may be physical books, digital resources or both depending on the particular classes associated with your student's schedule. These resources will be distributed in class.

The Academic Resource Fee does not include charges associated with locks, gym uniforms, or optional standardized tests associated with grade level exams (PSAT) or required course fees (AP Exams, EMT, etc). For a list of courses covered, please go to www.friarsbookstore.org/academic-resources

If you have any questions regarding the Academic Resource Fee, please feel free to contact me at 631-271-2020 ext. 215 or at pWASHINGTON@stanthonys.org

Sincerely,

Paul Washington

Dean of Academics
