

Dear Parents/Guardians

NYS has implemented a new required school health form. There have been some changes made to the previous layout of the form. On page two of this form there is a section entitled "Family cardiac history reviewed" that must be completed for your child to be cleared to participate in athletic activities. Please review the form once your provider has completed it and ensure it has been checked.

NYS has also amended the form to include gender identity and sex assigned at birth. As a Catholic School we are aware that these terms can be offensive. Please realize that we are required to use this particular form. Following the principles of the church, we adhere to the Gospel message in everything we do. We know and understand that you respect our values here at St Anthony's High School.

Attached please find the new form.

Thank you,
The Nurses
